REPORT OF THE FIREWARDS

1963

During 1963 the Troy Fire Department answered 20 alarms. These consisted of:

- 5 General alarms
- 1 Chimney fire
- 4 Dump fires
- 4 False alarms
- 1 Grass fire
- 2 Mutual Aid calls

17 Total

Our equipment is in excellent condition and the members of the fire department have shown great interest in answering alarms and maintaining equipment.

During the year many members attended various fire training schools which demonstrated flammable liquid fires, general fire fighting, first aid, breathing apparatus and pump operation. Also many members volunteered many hours in the preparation and painting of one of our fire trucks which resulted in a great savings to the citizens of Troy.

We wish to extend our deep appreciation and thanks to Mr. Walter Mann of the Troy Fuel Co. for his donation of a 1,000 gallon tank truck. At this time it is being converted to a regular fire fighting tanker which will be of great help in combating fires in our rural districts that lie outside of our municipal water system.

We also wish to extend our deep appreciation to the mem-

bers of the fire department and the citizens of our town in helping to combat and prevent fires.

REPORT OF WAR MEMORIAL PROGRAM

Summer Program Staff:

Michael Dunn, director

Pierre Lagrenade, assistant

Margaret Cumings, assistant

It was agreed upon that the summer program of 1963 was again successful. We are looking forward to the same this coming year.

We sincerely want to thank the following donors: New Hampshire Electric Co. for changing all lights and poles with no expense, Troy Mills Inc., for basketball uprights, no expense, Dr. Samuel Paul, \$125.00 toward resurfacing of tennis courts.

Again we want to thank the former Troy Textile Union for their donation of \$600.00.

An effort was made toward having a skating area for the children on Anderson Pond. Next year we are in hopes that this also will be successful.

As it will be quite noticeable under the financial report that our 1963 budget was overdrawn by approximately \$2,000.00 dollars, which is a difficult budget to figure on, as to a figure that will run more or less on the line, as the townspeople and our department would like to see it. In general, the public sees only the averages of the budget. Yet, you must also take time to consider last year (1962) we only spent \$1,734.00 dollars of our allotted \$2,500.00 dollars, leaving \$766.00 dollars unspent. That money goes back into a general town fund, not carried to the next year, which would cut this years average to only \$1,234.00 dollars. Also, badly needed was equipment which can account for some of this balance that is running in the

red. Therefore, we would appreciate your cooperation in observing the figures over and above in the black, as well as the over expenditures of the budget in the red. We sincerely hope that this year will be another slack year, as was 1962, so as to balance off our own budget. Thank you.

Report of the Forest Fire Warden and Your District Chief

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and relinquishing of personal rights for the common good. It was the greatest demonstration of public co-operation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.
2. Carry your rubbish to the public dump — it's safer. A neglected backyard incinerator causes many fires.
3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.
4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Lets all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.
